**PACKAGING**  
INCORPORATED

“In this ever-changing economy, someone is constantly inventing a new product to improve our packaging process. The sales personnel at Packaging Incorporated frequent our facility, demonstrating these products available in the market with the latest technology. Many of these products have helped us reduce costs, improve efficiencies and remain extremely competitive in this international economy. It would be nearly impossible for us to do it without them.”

- T. Johanson – Distribution Alternatives Lino Lakes, MN
